Thanks for inquiring about a U.P. Adventure Company Isle Royale trip. Here is some information that we hope will help!

★ **What's NOT included?**

Souvenirs from the island store. Adult beverages, fishing licenses, personal snacks and personal beverages.

★ **What IS included?**

Transportation from Eagle Harbor to Isle Royale and back. All food, meals and beverages with meals, cooking supplies, utensils, etc. Menu to be discussed and collaborated. All park fees and permits. All fishing tackle and equipment. Basic First-Aid. We have cots, sleeping bags and tents if needed.

★ **What to bring?**

Weather appropriate clothes and footwear. Water bottle. Coffee Cup. Toothbrush and personal hygiene. Pillow (MUST BRING OWN PILLOW). Sleeping Bag (we can provide sleeping bags if needed), MI fishing license (if fishing). **Please Pack Light!!!** Small cooler for personal beverages is ok. Plastic and cans preferred (but some glass can be ok).

★ **Sleeping Arrangements:**

Isle Royale has 3 sided shelters that are nice and roomy and keep you protected from elements and bugs. There are also scattered tent sites. We have cots, tents and sleeping bags (sizes Regular and XXL) available.

★ **What to expect?**

Depending on what you want to see or do, we will discuss specific ways to achieve the desired outcome. This trip will be planned as you want it and at your pace. We will discuss all the sightseeing goals, fishing goals and hiking goals before we figure out where we will stay on the island. Once we have that figured out, we will create a rough outline of your trip.

When we get closer to your dates, we can adjust the exact plan to best fit our weather forecast. We recommend being ready to go a day early and stay a day late if the weather doesn't cooperate.

Rather than force a plan and miss out on some things, it's important that we remain flexible to maximize our time on the island. It's common to change the order in which we do things to give ourselves the ability to complete all of our intended goals.

★ **Hiking/Sightseeing/Boating**

We can utilize the boat to get us up close to many attractions such as lighthouses, shipwrecks, fish camps, copper mines etc. Some are right at the end of the dock and others are a short hike away. There are over 450 islands that make up Isle Royale. There are endless possibilities of what can be explored by boat. Everywhere we go there will be things to see from caves and cliffs to wolves and moose, sunsets and sunrises and maybe even some Northern Lights!

★ **Fishing:**

Isle Royale is a world class, multi species fishery. We specialize in catching Lake Trout with a jigging rod and had great success with guests of all experience levels. Our boat is rigged for trolling as well, yet nothing compares to the satisfaction of catching big fish on a jigging rod. We can also target monster pike, jumbo perch, salmon, walleye and whitefish. We do NOT target Coaster Brook Trout! We also catch and release trophy fish. (Let us know if we can help you find a taxidermist to replicate your trophy!)

★ **About us:**

Family owned and operated since 2022. USCG 25GRT Master Captain. CPR/First Aid. Food Handlers License. All licenses, insurance and permits to legally operate on Isle Royale National Park, as well as the State of Michigan and all Great Lakes.

We take pride in offering a one-of-a-kind trip and can guarantee a great time will be had. We do things the right way and don't take any unnecessary risks. The overhead and planning are tremendous tasks, yet we enjoy providing an experience and service that otherwise doesn't exist. We know Isle Royale very well and go into these trips always having a plan A, B and C to ensure that we can work with the weather, wind and waves we are given.

If you want to see Isle Royale in a unique way that many people never get to see, I encourage you to book a trip with U.P. Adventure Co. for the adventure of a lifetime!

Best Regards,

Justin Cygan
